### Journal Article Databases

**Art Bibliographies Modern** contains almost 300,000 abstracts concerning contemporary and modern art from journal articles, books, exhibition catalogs, essays and reviews. The abstracts cover subjects ranging from performance art and installation art to illustration and body art since the late 19th century . The entire history of photography is covered.

**Art Full-Text** has international coverage of periodicals from 1984 to the current dealing with art history, decorative arts, industrial design, photography, sculpture, fashion design, graphic arts, advertising and many more art-oriented subjects. The database indexes international professional journals and museum bulletins. Reproductions of works are also indexed.

**Art Index Retrospective** art history, decorative arts, graphic arts, industrial design, interior design, photography, textiles and many more art related subjects. The database indexes international professional journals, yearbooks and museum bulletins. Reproductions of works of art published in indexed periodicals are also indexed within the database. Compilation of Art Index volumes 1 – 32 published from 1929 – 1984.

**Bibliography of the History of Art** contains over 650,000 citations on western art history from the 4th century to present. There is a focus on traditional arts but it also covers archaeology and architecture. Journals, dissertations, papers are indexed.

**Design and Applied Arts Index** provides coverage from over 450 design and craft journals published since 1973 and contains biographical information on over 50,000 designers, craftspeople, studios and firms. This database covers areas of study such as: typography, environmental design, ceramics, web site design, embroidery, textile design and furniture design. **Design Abstracts Retrospective** is a retrospective of the Design and Applied Arts Index covering the years 1903 to 1986.

**Grove Dictionary of Art** contains more than 45,000 articles covering most aspects of art history including, painting, sculpture, graphic arts, architecture, decorative arts and photography and over 23,000 biographies of western and non-western artists, patrons and writers. There are over 100,000 images available through the *Bridgeman Art Library's* collection.

**InfoTrac** The **Professional Development Collection** database is designed for professional educators with full-text from over 530 periodicals. Information in this database ranges from the health and development of children to information on the most current pedagogical theory and practice. The single search databases includes; **Expanded Academic ASAP** which indexes both scholarly and general periodicals on general sciences, humanities, law, psychology and sociology for college-level research. Several art periodicals are indexed in this database, such as *ArtNews* and *Art in America*.

**JStor** has over 275 full-text journals available in art history, archaeology, asian studies, performing arts and architecture.

**ERIC** Coverage : 1966 – updated every month.

ERIC is an Ebsco database produced by sixteen Clearinghouses around the country. This database indexes journal articles, conference proceedings and a variety of unpublished materials written for individual classrooms, school systems, and even state-wide committees. Lesson plans and ERIC Digest are among the resources linked through this site. ERIC reproduces on microfiche all of the periodical materials that they index in their database. There is material for Art Education available through this database. Another Ebsco database that you might find helpful is Professional Development Collection indexes more than 350 peer-reviewed titles and more than 200 educational reports.

**Oxford Reference Collection Online** contains over 130 subject dictionaries and the Oxford Encyclopedia to answer quick reference questions and to verify facts and dates.

## Art Image Databases

**ArtStor** is a database that currently consists of 500,000 images. The database includes images ranging from Western art, American art, Asian art, architectural drawings to Native American art. There are not currently large amounts of contemporary art images available in the database. The images are high resolution and can be used to create presentations for the classroom. Images can be searched by keyword, creator, title, location or subject.

**AMIG** Image Library is a database that contains 90,000 images of works of art. The images are taken from the collections of member museums of AMICO (Art Museum Image Consortium) and represent cultures from Asia, Africa, Europe and the Americas. There is great coverage of paintings, sculpture from 20,000 BC to contemporary art, as well as, fine and decorative art.

**Corbis** contains over 485,000 images in the historical and design collections that can be used in classroom projects, portfolios, lessons plans and presentations. Please come to the Reference Desk for account information.
